

Summary: What to Do When Sick

What to do if someone is sick in your household:

You can continue to attend school if someone in your household is sick and/or self-isolating as long as you do not have any symptoms of illness and feel well. This includes if they have tested positive for COVID-19. Ensure you closely monitor yourself (or your child) for symptoms of illness and stay home if you feel unwell. The best way to protect yourself and your family from COVID-19 is to get vaccinated. Vaccines are available for anyone ages 5 and up. Register now at:
